The FDA never approved them, and they did NOT qualify for the "Emergency Use Authorization" protocol, even though the lying, talking heads at the CDC said they would "flatten the curve." Thousands of U.S. doctors got more and more loads of cash for every patient they injected, and the bonuses were bigger in a week than most Americans make at their job over an entire year. Think about that for a minute.

## Deadly mRNA injections promoted with lavish bonuses revealed by leaked insurance documents

Health insurance companies are on the hook now for [increasing cash payouts](#) on an INCREMENTAL SCALE for the most patients any doctor could shoot up with the deadly myocarditis-inducing clot shots for Covid. We're talking thousands of dollars daily here. It's cash over ethics when it comes to deadly Covid "treatments" in America, and around the world.

**This is why your doctor gets aggressive.**

Blue Cross Blue Shield pays your doctor a \$40,000 bonus for fully vaccinating 100 patients under the age of 2. If your doctor manages to fully vaccinate 200 patients, that bonus jumps to \$80,000.

But here's the catch: Under Blue Cross Blue Shield's rules, pediatricians **lose the whole bonus** unless at least 63% of patients are fully vaccinated, and that includes the flu vaccine. So it's not just \$400 on your child's head—it could be the whole bonus. To your doctor, your decision to vaccinate your child might be worth \$40,000, or much more, depending on the size of his or her practice.

Peddling deadly jabs for cash is worse than peddling snake oil. U.S. doctors have no business pushing "medications" that are not FDA approved, not safe, not effective, and completely experimental. Plus, the more shots each human gets, the less immune they are to the next variants, and it goes round and round, until all immunity is lost, and the human suffers from autoimmune disorders.

Someone who works for *Anthem Blue Cross and Blue Shield* leaked a document out to journalists showing how the health provider creating a massive Covid jab incentive program against the Hippocratic Oath doctors are supposed to uphold at all times. One: Most U.S. doctors couldn't

the virus." Sure. Now look at them all. People are dropping dead like flies from myocarditis, pericarditis, strange rubbery vascular clots, heart attacks, strokes – and it's all labeled "Died Suddenly" in the mainstream news.

It went like this: "As a participating practice in the COVID-19 Provider Vaccine Incentive program, we recognize your hard work by offering incentives for helping patients make the choice to become vaccinated." (Anthem Medicaid)

Some doctors were paid bonuses of \$100 per new vaccine victim, and even more for overall percentages of covered members by Anthem:

40 percent of Anthem members vaccinated equals \$150 bonus per newly jabbed member

50 percent of Anthem members vaccinated equals \$175 bonus per newly jabbed member

60 percent of Anthem members vaccinated equals \$200 bonus per newly jabbed member

75 percent of Anthem members vaccinated equals \$250 bonus per newly jabbed member

Many doctors made [close to a million dollars](#) EXTRA in CASH bonuses from stabbing their patients with experimental mRNA "technology." This is no conspiracy theory either, as it's all documented in the national open-source public website.
